How to Measure

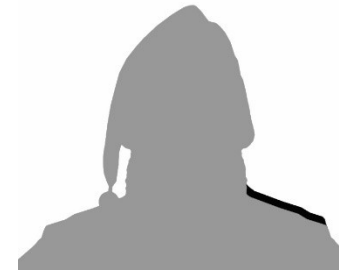

NOTE: Please do **not** take measurements while you are wearing a Santa Claus suit or costume.

Head: _____

Neckline: _____

Shoulder Seam: _____

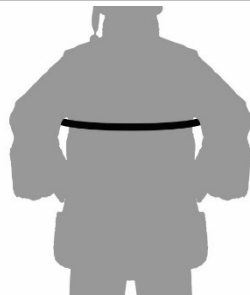

Sleeve Length: _____

Instructions: measure the circumference of the head at mid-brow level; just above ears & eyebrows. If a wig is worn, include it in the measurement (do not wear a hat).

Instructions: measure the circumference of the neck at its base.

Instructions: measure at the top of the shoulder, starting from the base/side of the neck to the very edge of the shoulder.

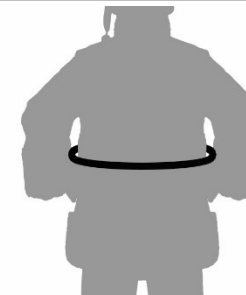

Instructions: measure from the very top of the arm, where it meets the edge of the shoulder, to the base of the wrist, with elbow bent and forearm at a 90 degree angle in front of the body.

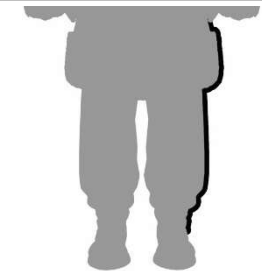

Chest: _____

Coat Length: _____

Belly/Waist: _____

Outseam: _____

Instructions: measure the circumference of the chest at its fullest point.

Instructions: measure the middle of the back from the base of the neck to the top of leg.

Instructions: measure the circumference of the belly at its widest point; knicker-style pants will be held up by suspenders above the true waistline. If padding is worn, include it in the measurement.

Instructions: measure the outer leg from the true waistline to the top of the foot; knicker-style pants cling to the ankle with elastic, and are made to blouse over mid-calf boots.
